COMPASS TO GLOBAL CAREER

Logistics & Shipping

Logistics and shipping are the lifeblood of any business that deals with product delivery. This industry has undergone a significant transformation in recent years, thanks to the latest technology and scientific advancements. It has been the backbone of the world economy since its inception, and the opportunities available in this field are yet to be fully realized. Without logistics, no industry can survive and make a profit. This industry connects people, businesses, and communities to a better future, making it the epitome of progress and development. In India, the government is committed to developing the logistics infrastructure and has signed multiple agreements with other countries to make India a logistics park and manufacturing hub.

GILL is the only institution with 50 years of Industry Experience

Galaxy International Institute of Logistics (GILL) is a highly esteemed institution dedicated to promoting practical business education and preparing leaders with strong ethics and values. Our focus is on producing graduates with employable skills to build successful careers in the logistics industry. We are fortunate to have a faculty of inspiring and dedicated members who are committed to sharing their knowledge and equipping students with the necessary skills to excel in any organization.

At Galaxy International Institute of Logistics, we strive to provide a comprehensive education that prepares our students for the challenges of the ever-evolving logistics industry.

GILL boasts over 50 years of experience in the logistics and shipping industry, and has established partnerships and business service relationships with global companies across various industries to provide top-notch shipping and logistics solutions. Our rigorous coursework, combined with exposure to some of the best academicians and industry leaders, as well as a practical approach to learning, ensures that our students' lives are transformed forever.

At GILL, we also provide our students with unique opportunities to gain insights from interactions with exporters/importers, educational visits to the port, and meetups with customs, CFS & Airport cargo. These experiences allow our students to gain a deeper understanding of the industry and prepare them for successful careers in logistics and shipping. Join us at GILL and take the first step towards a fulfilling and rewarding career in the logistics and shipping industry.

DIPLOMA in LOGISTICS & SHIPPING

Eligibility: 10 + 2 & Any UG Degree

Duration: 1 Year (2 Semesters)

A Diploma in Logistics and Shipping is a one-year program designed for individuals who have completed their undergraduate studies and are eager to begin their career in the logistics industry. This diploma program provides a comprehensive understanding of the fundamental concepts of logistics and shipping.

At GILL, students have the opportunity to participate in industrial visits in addition to classroom training. This practical training is invaluable in helping students secure employment within six months of completing the program.

SCOPE

After successfully completing this diploma course, students will have the opportunity to enter the dynamic and exciting logistics industry. They will be equipped with the skills and knowledge necessary to excel in a variety of roles, including Stevedoring, warehouse executive, CFS, port operations, and more.

F-Card (CBLR) License Exclusive Training

A F-card customs license holder is authorized to sign all the customs clearance documents and conduct the customs broker business. The license holder is allowed to work in all customs stations assigned to him as per their F card license.

At GALAXY, we offer free training for the F-card license to students enrolled in our full-time PG programs. This training is integrated into their university syllabus, ensuring a comprehensive education.

Holding an F-card license means that you are officially recognized as a customs broker and can conduct business on behalf of importers and exporters. Additionally, F-card holders have the option to hire G-card and H-card holders to assist with transactions and work in customs areas assigned to them upon passing the licensing exam.

By obtaining an F-card license, you will have the necessary skills and knowledge to navigate the complex world of customs and international trade. This valuable credential can open up new opportunities and help you advance in your career. At GALAXY, we are committed to providing our students with the tools they need to succeed in the global marketplace.

ELIGIBILITY : Professional degree in Accounting or Finance or Management or CA / CS / MBA / LLM / ACMA / FCMA

Highlights

- | Industrial visits | Practical Training | Assured Placement Assistance
- | Well equipped Library | Competent Faculty | Conceptual Learning

INTERNSHIPS & PLACEMENT

Galaxy International Institute of Logistics has been a leader in providing practical business education to students. Our institution is renowned for equipping students with the skills and knowledge necessary to succeed in today's competitive business environment. We understand the importance of internships and placements in gaining practical skills and experience. That's why we provide our students with invaluable opportunities to interact with freight forwarders, liner companies, exporters/importers, and to visit ports and meet with customs clearing agents and container freight stations. These experiences give our students a unique insight into the logistics industry and help them to develop the skills they need to succeed. We are proud to announce that we have achieved an exciting milestone of over 500 active internship and placement clients. This success is a testament to the hard work of our organization and reflects our collective success.
